

An Online Course in Camelid Health Care

FOR OWNERS & BREEDERS OF CAMELIDS

Offered by: Claire E Whitehead BVM&S MS DACVIM FHEA MRCVS

A 6-week course, starting on Wednesday 25th January 2023, 8pm GMT [3pm EST]

BENEFITS TO YOU!

- You will finish the course feeling like you have all the knowledge you need to keep your alpacas and llamas healthy!
- You will learn what you can do to deal with many common problems experienced by your alpacas such as mange and worms.
- You will receive the most up to date information from the UK's *only* specialist camelid vet!
- Ample opportunity to ask the questions YOU need answers to during the LIVE webinars - there is no such thing as a stupid question!
- Full printed course notes provided so you don't have to write everything down.
- **BONUS #1!** Access to the recordings of the webinars for 4 whole months after each session!
- **BONUS #2!** Additional live and interactive group Q&A session.
- **BONUS #3!** Each attendee will also receive a 30 minute 1:1 session with Claire included as part of the course price. This will be held as a Zoom meeting. *****Worth £100!**

We will not deal specifically with any reproduction or neonatal problems in this course. It will therefore be applicable to owners of breeding and non-breeding animals.

Suitable for beginners as well as more experienced owners wanting a refresher course.

COURSE SCHEDULE:

Session 1.	25 th January	General camelid management
Session 2.	1 st February	Nutritional management
Session 3.	8 th February	Parasite control: worms, coccidia and fluke
Session 4.	22 nd February	Biosecurity for the farm
Session 5.	1 st March	Skin Problems
Session 6.	8 th March	Health Problems and what to do when things go wrong!
Session 7.	9 th March	BONUS Session! LIVE end of course Q&A – your opportunity to ask any outstanding questions. [This session will be held at 3pm UK time – 10am EST, 4pm CET]

Each session will last 1.5-2 hours including time for questions.

COST: £297 + VAT *per person* for the full course including all 6 sessions. If more than one person would like to attend, discounted pricing is available. Full course notes are included and will be posted to delegates ahead of the course. (Small postage supplement for those based outside of the UK.)

- Delegates outside the UK/EU will not pay VAT
- EU Delegates only pay VAT if signing up as an individual rather than a business (you must provide your VAT number if a business)
- At time of writing, £297 is roughly \$355 (US) or 340 Euros.

HOW DO I REGISTER?

FEEDBACK FROM PEOPLE WHO HAVE PREVIOUSLY TAKEN THIS COURSE

“The course is brilliant and I have learned so much which will definitely improve my herds health and life quality.”

- Sue Williams, Blackrock Llamas

“As a relatively new alpaca owner this was just what I needed. It was a very thorough course and well organised. Claire, your presentation style is very clear and well paced. Your detailed knowledge, experience and passion is very evident.

Making this amount of quality content so accessible is excellent for those wanting to learn and advance their knowledge. I think it is excellent value for money, especially taking into account how much it would cost to travel and pay for accommodation in ‘normal’ times.”

- Katy Fawcett

“Long sessions = comprehensive coverage of topics which is great as far as I’m concerned. I’m quite surprised (and genuinely very pleased) to find that my confidence around my little herd has increased enormously over the last few weeks. One of my goats was poorly over Christmas with pneumonia which highlighted how lacking in knowledge, experience and skill I was and, indeed, might be if one of my alpacas became poorly - a ‘gut feeling’ that something is wrong isn’t really enough. I’m so pleased that I signed up for this course - thank you, Claire.”

- Irene Jones

“I’ve had alpacas since 2008 and I have still learned a lot from this course. Great to be able to do it virtually. Thank you Claire.”

- Lee Robertson

Thank you so much!! Super informative and well presented. Learned a lot!

- Jacquie Edwards

“I have absolutely loved this course and am really looking forward to the next course. I have owned alpaca for 6 year and bred for 3 years and I have learned something from every week on this course and the week I was most shocked about and learned the most from was the biosecurity week and I am very grateful that you have put on these courses.”

- Dionne Knight
